

Sept 2007 - ***iITOPs*** Announces VA Order processing

Users of the *iITOPs Memorial Order Management system*, can now process Veterans Administration Marker orders. The standard VA order form must be completed with the required documents. Then, it is automatically submitted to the VA Marker fax system thru *iITOPs*. Users can view and keep track of VA orders along with the rest of their orders in ONE place! The *iITOPs* platform is an automated web based system with a solution for the cumbersome memorial order process that works with ANY vendor. For more information please go to <http://public.iitops.com>
